

# **7th International Symposium on Ultra High Energy Cosmic Rays (UHECR) 2024**

## **Monday 18 November 2024**

**Invited Review: Source Models of UHECRs (09:10 - 09:40)**

-Conveners: Zhang Bing Theodore

**Invited Review: Magnetic field effects on UHECR propagation (09:40 - 10:10)**

-Conveners: Silvia Mollerach

## Tuesday 19 November 2024

**Invited Review: UHE neutrinos (09:00 - 09:30)**

-Conveners: Francesca Capel

**Invited Review: Multimessenger Insights on the Origin of UHECRs (09:30 - 10:00)**

-Conveners: Foteini Oikonomou

**Invited Review: Various constraints on BSM physics from extensive air showers and from UHE gamma-ray and neutrino searches (17:30 - 18:00)**

-Conveners: Olivier Deligny

**Invited Review: Deciphering the Knees in the Cosmic Ray Energy Spectrum (18:00 - 18:30)**

-Conveners: Carmelo Evoli

# **Wednesday 20 November 2024**

**Invited Review: Hadronic interaction at LHC: review for the LHCf and air shower related measurements (09:00 - 09:30)**

-Conveners: Takashi Sako

**Invited Review: The Road to Understanding Hadronic Interactions at the Highest Energies (09:30 - 10:00)**

-Conveners: Ruben Conceição
